

USN62 CVE 73 GAMBIER BAY

STEP 1.

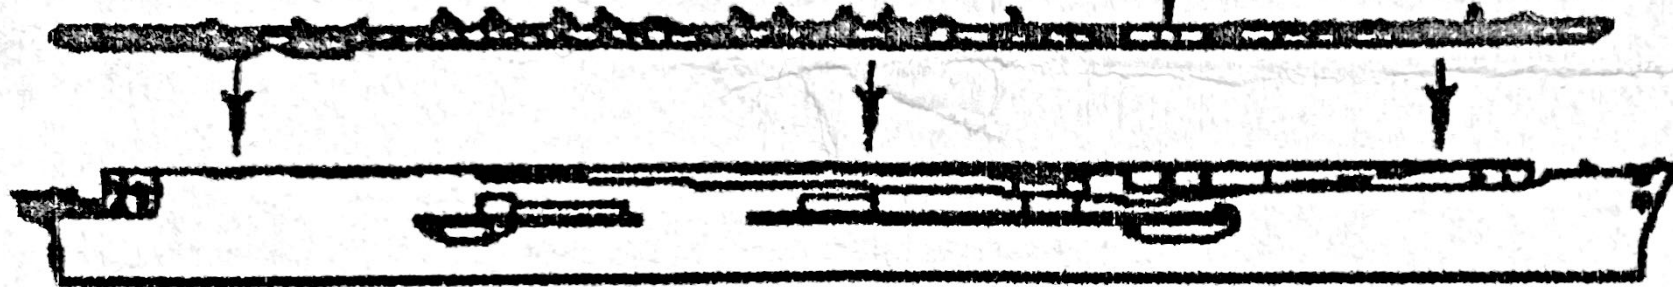

Clean flash and taps from models.

STEP 2.

Test fit parts. Glue

STEP 3.

Paint model as desired.

There were 50 *Casablanca* class CVEs. *Gambier Bay* was built in just 5 months in 1943. She served with Taffy 3 off Samar 10/25/44 when sunk by 4 Japanese cruisers at under 10,000 yards range. Miraculously, the other 5 *Casablanca* in the group survived some with severe damage.
